

Coronavirus timeline: the response in Wales

Research Briefing

The table below highlights key developments in Wales in response to coronavirus (COVID-19).

<p>International travel resumes</p> <p><i>17 May 2021</i></p> <p>From Monday 17 May, <u>international travel can resume</u> under a traffic light system aligned with England and Scotland. Countries will be classified as green, amber or red. People returning from green list countries will not have to quarantine when they return. The Welsh Government advises people to only travel abroad for essential purposes.</p> <p>Further information on <u>foreign travel</u> and <u>vaccine certificates for travel</u> is available from the Welsh Government.</p>
<p>Wales moves into alert level 2</p> <p><i>14 May 2021</i></p> <p>Following the latest three week review of the coronavirus restrictions regulations, the First Minister <u>confirms</u> that from Monday 17 May the whole of Wales will move into <u>alert level 2</u>. As well as the re-opening of indoor hospitality, indoor entertainment venues can re-open and an increased number of people can attend organised indoor and outdoor activities.</p>
<p>Re-opening of indoor hospitality and further support</p> <p><i>11 May 2021</i></p> <p>The First Minister <u>confirms</u> that from 17 May six people from six different households will be able meet indoors in cafes, pubs and restaurants.</p>

The Welsh Government also announces that businesses still affected by the coronavirus restrictions will be able to claim up to £25,000 in support to meet ongoing costs through to the end of June 2021. More information is available on [Business Wales](#).

Pilot events get underway

11 May 2021

The First Minister, Mark Drakeford, [announces](#) a proposed list of pilot test events that will take place over the coming weeks. The Welsh Government says it is working with partners on the delivery of pilot events which will develop processes and guidance for the safe return of events.

UK lowers the COVID-19 alert level

10 May 2021

The four Chief Medical Officers of the UK [agree](#) to reduce the UK COVID-19 alert level from 4 to alert level 3. The UK was at alert level 5 in January and came down to alert level 4 in February. [Alert level 3](#) means that the virus is in general circulation. This UK alert level relates to the threat the virus poses and is separate from the alert levels that underpin the restrictions in Wales.

Update on the AstraZeneca vaccine

7 May 2021

The Welsh Government [announces](#) it will implement the change in the advice from the Joint Committee on Vaccination and Immunisation (JCVI) and the Medicines and Healthcare products Regulatory Agency (MHRA) and offer those under 40 (with no clinical risk factors) an alternative to the AstraZeneca vaccine. Those who have already had a first dose of the AstraZeneca vaccine should still receive the second dose.
