The National Assembly for Wales recognises and applauds the work and aims of the Wales Anti-Poverty Network. We wish them well in their pursuit of the eradication of poverty in Wales and highlighting the destructive effects of poverty. We further signal our agreement that those

who live in poverty should be empowered and invited to fully participate in schemes designed to improve their quality of life.

This Assembly welcomes and gives its full support and endorsement to the Global Cultural Diversity Congress 2000 to be hosted in Cardiff from March 20-23rd. The Assembly recognises that the Congress is likely to be the first major global event of the new millennium to be held in Wales and an ideal opportunity to promote the practical understanding of cultural diversity necessary in a modern and multicultural society.
