Luke Fletcher MS

19 March 2024

Dear Luke,

In response to you Written Question WQ91749 below:

**Luke Fletcher (South Wales West): What assessment has the Minister made of the potential impact of the Welsh Government's proposed sustainable farming scheme on the Welsh economy?**

We have commissioned independent modelling of the estimated impacts of the proposed scheme design on a range of economic, environmental, and social factors. The economic assessment published alongside the Consultation is an important piece of work which helped inform the consultation content, so potential issues could be addressed. It is not an assessment of the proposals in our latest consultation [which closed on 7 March].

We will undertake further analysis, upon completion of this current consultation, before making any final decisions for a scheme designed to meet the Sustainable Land Management Objectives included in the Agriculture (Wales) Act.

Regards,

Lesley Griffiths AS/MS
