## **REPORT BY THE ENVIRONMENT, PLANNING AND COUNTRYSIDE COMMITTEE**

### **Guidance in Respect of Countryside and Rights of Way Act 2000 (Commencement No.9 and Saving) (Wales) Order 2006 (rights of way and meeting the needs of those with mobility problems)**

The Committee considered *Guidance in Respect of Countryside and Rights of Way Act 2000 (Commencement No.9 and Saving) (Wales) Order 2006 (rights of way and meeting the needs of those with mobility problems)*, which came under Standing Order 29, at its meeting on 1 March 2007.

Members requested reassurance that the Guidance had been scrutinised by the Committee on Equality of Opportunity and raised concerns regarding accessibility of areas with rough terrain.

The Committee welcomed this guidance and recommended approval of *Guidance in Respect of Countryside and Rights of Way Act 2000 (Commencement No.9 and Saving) (Wales) Order 2006 (rights of way and meeting the needs of those with mobility problems)* without amendment.
